Description:

BW Echo perfectly combines urban lifestyle with natural surroundings with its location. The new creative and innovative center "Ložionica" practically connects to the surroundings of the residential building and brings numerous cultural and artistic contents.

Just a few steps away is the Savski Park with its lush greenery, while the natural surroundings of the building are emphasized by semi-private zones between the buildings within the plot, on whose maintained lawns trees are planted. The exit to the paved courtyard, in whose natural surroundings you will enjoy, offers something more than modern life in the capital.

In order for the tenants to have the facilities necessary for everyday life, there are shops, cafes and restaurants on the ground floor, while a kindergarten in the immediate vicinity is an additional convenience for young families.
