Location:	NOVI BEOGRAD	Commer. premises:	Yes
Parking space:	Yes	Publ. (upd.):	13.03.2025

Description:

In the dynamic surroundings of New Belgrade, in the immediate vicinity of Airport City, the residential complex Kuart64 is being built, designed as a modern oasis for all those looking for a comfortable and quality life. This complex develops in stages. The first phase includes the construction of Lamella A and B, the completion of which is planned for July 31, 2025. The second phase includes the construction of lamellas C and D and its completion is planned for May 1, 2026.

One of the key features of Kuart64 is the spacious and landscaped park in the central part of the complex, which covers more than one hectare. This green area provides the perfect place for relaxation, walks and socializing, allowing residents to enjoy nature in an urban environment.

The offer also includes garage spaces, which makes everyday life even easier and contributes to the practicality of living in this complex. Kuart64 represents a perfect combination of comfort, functionality and proximity to all important amenities, making it an ideal place to live in New Belgrade.

Take the opportunity to become part of this modern community and enjoy all the advantages that Kuart64 offers!
