Description:

In Đorđe Stanojevića Street in New Belgrade, the construction of a modern residential and business complex - Terminal 10 Residences - is taking place. Located in the heart of the central business district, this complex offers the ultimate in luxury and comfort, setting new standards in the quality of housing. Terminal 10 Residences is located in the immediate vicinity of the headquarters of international companies, business complexes, modern shopping centers, sports and concert halls, primary and secondary schools, kindergartens, as well as promenades along the banks of the Sava River, which makes this location an ideal place to work, live and relaxation. One of the key elements that makes Terminal 10 Residences exceptional is the superior quality of materials and equipment. Every detail, from the foundation to the top of the building, has been carefully chosen to ensure durability, elegance and functionality. The apartments within the complex come in different structures, adapting to the needs of each future apartment, from one-bedroom to spacious five-bedroom apartments. An impressive reception desk, open 24 hours a day, welcomes residents with a sophisticated ambience and superior service. This is just one of the ways Terminal 10 Residences focuses on the safety and comfort of its apartment, offering a seamless lifestyle. CBS International is exclusive sales representative.
