**Description:**

---

Prešernova 23. Quality you can see and feel.

A modern building designed with a focus on energy efficiency, comfort, and long term durability.

- Exterior aluminum double chamber windows and doors ensure excellent thermal and sound insulation
- Bosal Lux security entrance doors and interior painted MDF doors provide a premium feel in every detail
- Bathrooms fitted with Laufen sanitary ware and Hansgrohe faucets combine refined design with top level functionality
- Ventilated facade with Fundermax cladding and a DEMIT system delivers maximum energy efficiency and long service life
- Heating and cooling via an inverter multi split heat pump, with a separate unit in each room

**Infrastructure**

---

An ideal location, top tier construction standards, and a long term investment in quality living.
