Location:	STARI GRAD, Dorćol	Other:	323 residential units with designated parking spaces and storage units
Parking space:	Yes		

Description:

Located between the authentic urban rhythm of Dorćol and the Linear Park leading towards the Danube, LANDMARK DORĆOL is taking shape.

The project is designed by Raphael de la Fontaine, a renowned architect with an international portfolio of major metropolitan projects. Its distinctive hexagonal geometry is designed to bring more natural light, more open views and greater privacy, while landscaped areas and the immediate proximity of the Linear Park bring greenery into everyday life.

The project will feature 323 residential units of various layouts and sizes, along with cafés, restaurants, boutique fitness studios and amenities designed for everyday living.

Pre sale is now underway.
