Description:

Tenth Belgrade Waterfront building will be located behind BW Residences, the first building to welcome new residents, and along the boulevard that goes through the entire development. Right across the street from BW Aria there will be an elementary school and many restaurants, cafes, stores, and recreational facility will be located nearby.

BW Aria building has clean lines, with three cascade blocks connected by glass surfaces. It contains apartments with different layouts - from studios to five-bedroom penthouses, including two and a half bedroom units. Its residents will have the opportunity to enjoy in the nearby park and river, as well as in the view to Sava River or the city's skyline.

Additional amenities for the residents include a landscaped area in the front of the building, security and underground garage. Only a few minutes' walk a way you will find Galerija Belgrade, the largest future shopping and entertainment destination, Kula Belgrade, the future symbol of the city and the tallest building in the capital, as well as a large park and Sava Promenada.
